A TRIBUTE

Late Sardarni Kartar Kaur

(1903 - 2003 Centurion)

Late Sardarni Kartar Kaur W/o. Late Sardar Kartar Singh, R/O Tehsil Bagh (now in POK) was such a visionary woman, who inspired her family and foster families even today.

It is unbelievable that a girl married at the age of 8 years, who lost her husband in India-Pakistan turmoil, managed to earn her livelihood by weaving charkha. After partition, she took refuge at Srinagar and lend her helping hand not only to her family but everyone who was the victim of partition.

It was to her acknowledgement of need of good education that we attribute the humble success and accomplishment today, But for her intellectual and spiritual understanding an array of successive generations would have gone without taking lesson of her alphabets.

It is a time to salute her wisdom, vision, love and compassion and rededicate ourselves to do our bit in lighting the lamp of knowledge.

Hence, the birth of Kartar Educational Trust and now, Kartar Public School derives its strength from this great soul.

LEARNERS BLOCK

PRE- PRIMARY SECTION (PRE NUR. TO SR.K.G.)

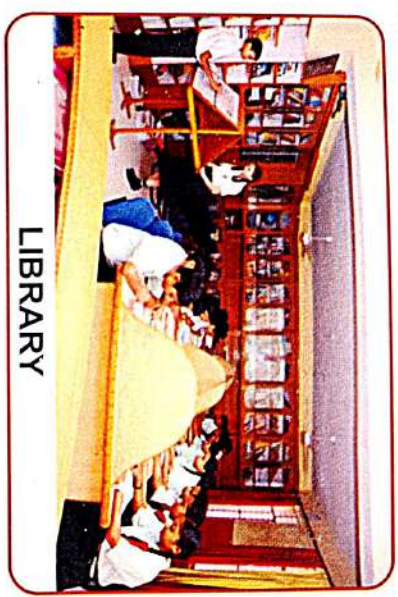

When toddlers leave the familiar and comfortable environment of their homes to take their first tiny steps into the world of community, classroom and discipline, they need much more than a helping hand. At Kartar Public School, we believe that they need to be handled with kid gloves, love and a lot of individual attention. In these times of global competition, while most schools subject these tender minds to pressure of learning too much, too quickly, we recommended and follow a systematic approach of building a strong foundation first. This; we achieve through recognized creative methods such as interactive learning through plays.

This section is adequately equipped with educational aids, toys and story-books. A play area along with an activity room is attached to this block for the children to burn their energy.
